Informational note N° D3a: Study visa

Make sure to submit complete application documents! Incomplete applications can lead to the rejection of the visa application.

The German Embassy in Tbilisi requests that the application form be filled out in German or English - please - not Georgian!

General Information

Foreign students who have been admitted by a German university (possibly with a preparatory language course) or who have been accepted by a Studienkolleg can apply for a visa to study in Germany. It is advisable to take care of the admission or acceptance of the university as soon as possible.

Foreign doctoral students (PhD) who have been admitted to a doctoral program at a German university as a full-time doctoral program can apply for a visa for doctoral studies in Germany. If the doctorate is to be carried out within the scope of an employment contract or a research agreement with a German university or research institution, a research stay visa must be applied for.

During the studies, a student can earn his/ her living by working. After completing the studies, it is possible to look for a job in Germany.

For the purpose of your visa application, applicants are considered

- “students”, if they applied at a German university or preparatory courses (e.g. “Studienkolleg”) and were admitted to the program or have a confirmation of application (“Bewerberbestätigung”)
- “exchange students”, if they spend part of their studies in Germany and – upon return to Georgia – complete their studies at their Georgian university
- “prospective students”, if they are interested in studying at a German university, but have not yet been admitted to a specific program. Applicants for study programs in music or arts who successfully have to partake in entrance exams, in order to be admitted to their program, are also considered “prospective students”. A visa for prospective students will only be prolonged by the competent “Ausländerbehörde” (foreigners’ office) in Germany, if the student can provide the Ausländerbehörde with a certificate of enrolment.

We request that all documents be submitted with your visa application as originals with two copies.

Non-German/English language documents must be accompanied by a translation in German or English. Foreign official documents regarding your civil status may require legalization or an Apostille. Georgian official documents and certificates regarding your civil status must be presented with Apostille.

Following documents have to be submitted for your application:

- two complete [application form](#) including the declaration according to § 54 Abs. 2 Nr. 8, § 53 AufenthG, to be filled in in German or English and signed by the applicant or their legal guardian(s)

- If you have been admitted to a study program under the premise that you proof a certain level of language proficiency until enrollment, you will have to bring proof of that level when applying your visa or – at the latest – before your visa will be issued
- For PhD students, a certificate of the German university that your language proficiency has been tested and deemed sufficient will suffice.
- Examples of recognized German language certificates: Goethe, Telc, ÖSD, TestDaF, DSH, ECL, Deutsches Sprachdiplom KMK
- English language proficiency may be demonstrated by submitting certificates of IELTS or TOEFL with sufficient results
- If applicable, further supporting documents (e.g. letters of recommendation etc.)
- Applicants who are minors are required to submit a notarized letter of consent by the legal guardian(s) that they may travel to and live in Germany, as well as proof of who (as person of legal age) will take care of them during their stay in Germany and passport copies of the legal guardian(s) and guardian in Germany. Additionally, we ask you to submit your birth certificate.
- Other documents, where applicable
- Travel health insurance: After any positive decision on the visa application, you must provide proof of existing travel health insurance before issuing the visa, unless proof of this has already been provided beforehand.

We ask you to organize your application and supporting documents in the above mentioned order in three complete sets. Please check the appropriate box on this information sheet to confirm that you are able to submit the respective document.

Please organize your documents as follows:

- First and second set: application form, declaration and all other supporting documents as copies in the above mentioned order
- Third set: original documents in the same order

Important

- The Embassy reserves the right to request further documentation where deemed necessary.
- Please abstain from inquiring about the status of your application. Due to personal data protection laws, inquiries by telephone regarding specific applications cannot be answered.
- Generally, the processing of your application will take between six and eight weeks, at least it will take four weeks. If you are awarded a scholarship by a German public institution, the processing time will likely be reduced to a few working days.
- Flight bookings are not required to apply for a visa – please book only after receiving the visa.
- The processing of a visa application for study purposes costs 75,-- EUR. The fee has to be paid in cash in GEL upon submitting your application. Students receiving a scholarship from German public institutions are exempt of the visa fee.

Please make sure that you bring all the necessary documentation on the day of submitting your application. Submission of applications that do not show the necessary documentation may be rejected.
