

Submit your visa application electronically

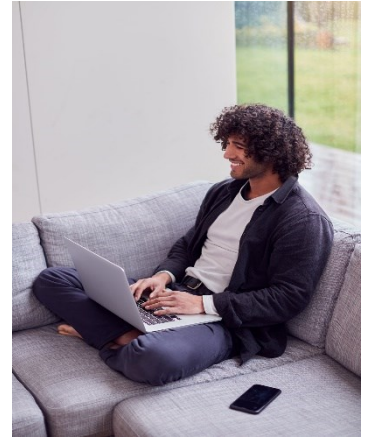

Apply for a visa online through [the Consular Services Portal](#).

The required documents are listed there according to the purpose of your stay.

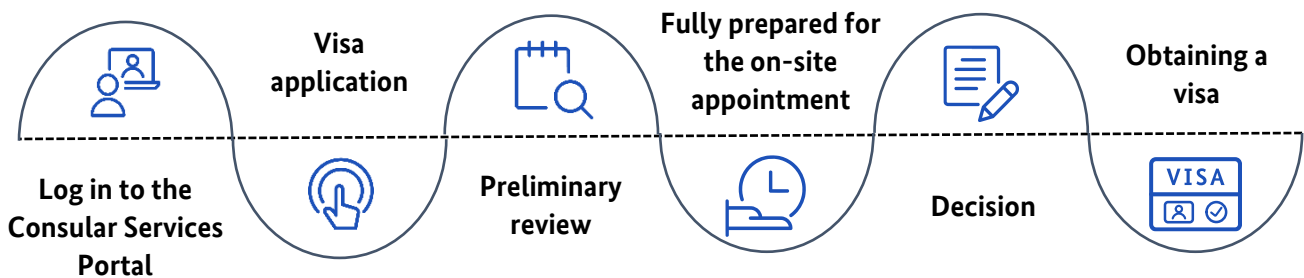

Using the online portal, you can upload your documents step by step and temporarily save these. Once you submit your documents, we will inform you whether these are complete. You can adjust and correct the documents online.

Afterwards, you can arrange an appointment with the German mission via the online portal. This will make your in-person appointment quick and efficient: You will present your original documents, provide your biometric data (fingerprints and photo) and pay the application fee.

Apply online now, through the Consular Services Portal:
